Everybody learns, everybody cares

Young Carers' Charter

'We are children and young people who are also carers. We want people to recognise this. We believe we should have the same rights as other children and young people including the rights:

- To be children and young people as well as carers
- To have fun, friends and time off from caring
- To help and support at home and at school
- To be protected from harm, including any harm we could be in within our caring role
- To be listened to
- To be involved when people make decisions about our lives
- To have someone we trust to speak for us when we feel we can't
- To choose how much caring we do
- To have staff in school who know who we are in case we need help
- To have a special person in school who we can talk to
